

In partnership with the Great Falls Area Chamber of Commerce, United Way of Cascade County, and many of our other community partners, we are thrilled to announce Worlds of Work! (**WOW**). On October 18th, 2022, this world-class career exploration event launches at Great Falls College – MSU and the University of Providence from 7:30AM - 6:00PM.

**WOW** is a career expo – **NOT** a typical job fair, and this event opens new avenues of opportunity for middle school students they never knew were possible. Truthfully, most students in our area are not informed of the career pathways already embedded in their own backyard. This lack of situational awareness can lead to limited perspective in reference to their career options and, more importantly, fuel the misconception of a need to leave Montana to find their dream job.

With your help, and by showcasing well-paying, in-demand careers in their own communities, we can change that narrative. It also gives you, a decision-maker in your industry, the opportunity to cultivate your future workforce!

We rely on support from community partners like yours to make WOW possible. This is a great opportunity to be a part of developing a productive career pipeline, ensuring the creation of a qualified, skills-ready, and trainable workforce ready to meet the demands of industry across our region.

Each level of sponsorship provides your company with recognition and exposure in promotional materials. This event will make a tremendous impact on your own industry, through providing an experience for students, their parents, educators, and government officials. With your assistance, the 2022 Worlds of Work will help connect students to their future.

Thank you for your time & consideration!
