

SPONSORSHIP OPPORTUNITIES

Central Montana Works and our community partners are thrilled to announce Worlds of Work (WOW) on September 23rd, 2025. This world-class career exploration event launches at Great Falls College – MSU and the University of Providence from 8:00AM - 4:00PM.

WOW is a career expo – NOT a typical job fair, and this event opens new avenues of opportunity for middle school students they never knew were possible. Many students can benefit from an opportunity to see every career pathway in their own backyard. We aim to grow our own and keep our students in Montana, if not our region, and we need your help to entice them.

Students will navigate through 4 zones with 16 worlds (industry career clusters) amounting to over 60 exhibitors. Exhibitors provide an experiential introduction to a specific business or industry cluster. Everything from medical procedures to operation of chainsaws and welding simulators to green screens and robotics. Hands-on opportunities to showcase well-paying, in-demand careers in their own communities can influence our student's future trajectory of employment. It also gives you, a decision-maker in your industry, the opportunity to cultivate your future workforce!

We rely on support from community partners like you to make WOW possible. Each level of sponsorship provides your company with recognition and exposure in promotional materials. This event will make a tremendous impact on your own industry, through providing a building block experience for students and educators. With your assistance, the 2025 Worlds of Work will help connect students to their future.

Thank you for your time & consideration!

Central Montana Works Executive Committee
